

Program Overview

Mid-Del Technology Center offers full-time career pathways to high school juniors, seniors and adults. Courses are offered from 7:45a.m.– 10:25 a.m. and 11:20 a.m.– 2:00 p.m. Monday through Friday. Adults can choose to attend either the AM, PM or both sessions depending on availability. Students are encouraged to begin the program in August and complete in May, but flexible entry and exit dates may be considered. The Cyber Security program has a contractual agreement in place with Rose State College, whereby students have the option to gain up to 15 college credit hours for the work done within the Cyber Security course. Adult students will take the TABE entrance exam before being considered for a program. Students may request accommodations for testing through the Student Services office. Please see page 2 for tuition, fees, and other financial information.

Cyber Security Professional prepares individuals for success in emerging network technology environments and obtaining skills in computer repair and skills in protecting the integrity of networks, programs, and data from attack, damage or unauthorized access. This major prepares students to provide technical assistance to computer users in various work environments. Students learn to repair service and troubleshoot personal computers and computer-related equipment and to install and configure operating systems and application software. They also learn the basics of networking, including installation, configuration and troubleshooting of hardware peripherals and protocols, as well as network administration duties and providing support for network users. Students gain the technical skills required for and are provided the opportunity to obtain A+, Security+, Network+, and Linux+ certifications.

Cyber Security Professional

Cyber Security Basics
 Computer Repair and Troubleshooting I

The following is important information for all students enrolling at MDTC. Please read carefully:

- Students must be enrolled in a career major containing at least 600 hours to use federal financial aid as a payment source. Determine your eligibility status by applying at www.fafsa.gov
- This program is approved for the use of Veteran’s Benefits.
- Workforce and Tribal funds are accepted as approved by your organization representative.
- Students who do not qualify for the PELL grant, scholarships, Workforce, etc. are obligated to pay for the tuition, books and supply fees using cash, money order, or credit card.

Payment Plan: Payments are due by the 10th of each month.

- Payments will be divided into 8 equal payments per year of attendance with the first payment due Sept 10th or Jan 10th, depending on the date you start the program.
- A late fee of \$100.00 will be applied for payments not received by the 10th of the month.
- All accounts must have a \$0 balance before completing the program.
- Students with an outstanding balance WILL NOT be allowed to take Certification Exams.
- Please see the student handbook for more information.

***Curriculum/Textbook Information:** All book purchases are optional – class set available to use at school only.
