

MID-DEL TECHNOLOGY CENTER

Program Overview

Skilled Construction Tradesman

Mid-Del Technology Center offers full-time career pathways to high school juniors, seniors and adults. Courses are offered from 7:45a.m.– 10:25 a.m. and 11:20 a.m.– 2:00 p.m. Monday through Friday. Adults can choose to attend either the AM, PM or both sessions depending on availability. Students are encouraged to begin the program in August and complete in May, but flexible entry and exit dates may be considered. Adult students will take the TABE entrance exam before being considered for a program. Students may request accommodations for testing through the Student Services office. Please see page 2 for tuition, fees, and other financial information.

Adults will focus on carpentry and masonry, which is designed to prepare individuals for job ready employment within the construction industry. Frame Carpentry provides adults with skills to be set apart from the beginning carpenter. Students will be trained in site layout, use of related power equipment and supervision of a construction crew. Students will be instructed in the skills of estimating materials, blueprint reading, managing a job and conducting job interviews.

Construction Apprentice
